Friends of Recovery-New York (FOR-NY) is a 501(c)3 non-profit organization founded in 2008 when Recovery advocates from different corners of the state met to discuss the need for an organization that would champion for the Recovery Community.

FOR-NY demonstrates the power and promise of Recovery from addiction to alcohol and other drugs, and the value Recovery provides to individuals, families, and entire communities throughout New York State. We also actively seek to advance public policies and practices that promote and support Recovery because we envision a world in which the entire spectrum of effective prevention, treatment and support services are available and accessible to all.

- OUR FIVE CORE BELIEFS -

1. Addiction is a public health issue.
2. Recovery is possible for everyone.
3. There are many paths to recovery and everyone gets there in his or her own way.
4. Adequate resources and support are necessary for sustained recovery.
5. Recovery is about reclaiming a meaningful life and role in society.

TRAININGS & SUPPORT

FOR-NY, in partnership with qualified trainers throughout the state, offers first-rate trainings to peer professionals, treatment providers, prevention specialists, and anyone interested in addiction and recovery.

FOR-NY is invested in developing a well-trained and supported peer workforce, therefore, we have developed a Best Practice Training model. We encourage trainers throughout the state to adopt this model and utilize our resources available online.

Upcoming Events & Activities

Recovery Gems Auction & Appetizers July 30, 2020

An evening of auctions & appreciation, honoring our Recovery Gem of the year

CBRS Meetings in 2020

Every month we offer virtual Community-Based Recovery Supports (CBRS) meetings. Recovery supports play a critically important role in building recovery capital in communities all over New York State.

Get Involved... TAKE ACTION

The National Recovery Movement is growing like never before, and the New York State Recovery Community is among those leading the way!

Recovery Community Organizations (RCOs) throughout the state create a culture that supports and sustains recovery for individuals and families. FOR-NY is committed to helping develop RCOs in every county across the state. We also provide counsel and technical support to existing RCO’s, as well as Youth Clubhouses.

Additionally, in an effort to raise awareness, educate and engage all New Yorkers in our mission, FOR-NY maintains an active online presence through our website and social media platforms, as well as email communications. We also conduct research to educate both the recovery community and policymakers.

Join us in our mission and start by subscribing to our mailing list by clicking here or emailing info@for-ny.org.
